

Jordan A. Mercer

Senior Software Engineer | San Francisco, CA

jordan.mercer@example.com | (415) 555-0188 | linkedin.com/in/jordanmercerc | github.com/jmercerc

Professional Summary

Software engineer with 8+ years building scalable backend systems and data platforms. Track record of leading small teams, shipping reliable services at scale, and mentoring junior engineers. Comfortable across the stack with a focus on distributed systems, API design, and developer tooling.

Experience

Senior Software Engineer — Northwind Data Inc.

San Francisco, CA • Mar 2021 – Present

- Led design and rollout of an event-streaming pipeline processing 2B+ events/day, cutting data latency from hours to under 5 minutes.
- Mentored 4 engineers and introduced a code-review rubric that reduced production incidents by 30%.
- Migrated a monolith to a service-oriented architecture, improving deploy frequency from weekly to daily.

Software Engineer — Brightloop Systems

Oakland, CA • Jul 2018 – Feb 2021

- Built REST and GraphQL APIs serving 500k daily active users.
- Reduced cloud spend by 22% through query optimization and autoscaling policies.
- Owned the on-call rotation and authored runbooks adopted team-wide.

Junior Developer — Cobalt Apps

Remote • Aug 2016 – Jun 2018

- Developed front-end features in React for a B2B scheduling product.
- Wrote unit and integration tests, raising coverage from 45% to 80%.

Education

B.S. in Computer Science — University of California, Davis

2012 – 2016 • GPA 3.7 / 4.0

Skills

Languages	Python, Go, JavaScript/TypeScript, SQL
Frameworks	Django, FastAPI, React, Node.js
Infrastructure	AWS, Docker, Kubernetes, Terraform
Data	PostgreSQL, Redis, Kafka, Spark

Certifications

- AWS Certified Solutions Architect – Associate (2022)
- Certified Kubernetes Administrator, CKA (2021)
